selenium-java-evidence

A simple API to generate evidence for your Selenium tests

This project enable developers and testers to create an evidence, in .pdf, .doc or .html, of their tests. This API is very simple and works only in Java.

Take a look at following pages:

- [HowToUse](#) this api to generate a PDF evidence
- [CreateYourOwnReport](#) to change the output layout of the report
- [TakePicture](#) to see a different way to show the captured images
